Exercise Bike with 16 inch monitor. Purchased for my wife but she is too short to ride comfortably. Factory recommends 5'1 or taller. Bike was assembled by Bowflex representative and is new. It includes the JNY subscription and has about 10 months left on subscription. One of the only exercise bikes that leans for realistic riding if you desire, or can be locked in upright position. Comes with mat and hand held weights. New condition and must be picked up in Corsicana, Texas.
